## Street Address Request Form

Date: \_\_\_\_\_

Due to the implementation of the Enhanced 911 telephone service in Lancaster County, all occupied buildings are required to have a street address assigned. Builders of new homes may be required to provide this information to utility companies such as Virginia Power, Northern Neck Electric Cooperative and GTE before any service can be installed.

In order to issue an address for a new home, please provide the information as requested below. Once completed, return this form to the Land Use Office at the time you apply for a building permit or any time prior to making arrangements for utility service.
