## FEE WAIVER POLICY

### FOR COUNTY PERMITS ISSUED FOR

### REPAIR OF DAMAGE CAUSED BY TROPICAL CYCLONE ISAIAS ON AUGUST 4, 2020

The County of Lancaster's (hereinafter, "county") code enforcement offices/staff shall implement the following policy pertaining to the waiver of county permit fees for demolition, repair and/or other construction activities that directly and solely address damage caused by Tropical Cyclone Isaias on August 4, 2020 (hereinafter, "storm event"):

- (1.) Waive all county building, demolition, zoning, wetlands and any other county-imposed permit fees for demolition, repair and/or other construction activities that directly and solely address damage caused by the storm event.
- (2.) Fees shall not be waived for county permits that include in part or in whole demolition, repairs, expansions, additions and/or construction activities pertaining to non-storm event-related (caused) damage. A separate county permit must be obtained for non-storm event-related (caused) demolition, repair and/or other construction activities to be eligible for the waiver of fees for county permits that pertain solely to storm event-related (caused) damage.
- (3.) Fee waivers shall apply to eligible county permit applications received by the appropriate county code enforcement office for a six (6)-month period, which shall commence at the start of business on Wednesday, August 5, 2020 and shall expire at the end of business on Friday, February 5, 2021.
- (4.) This fee waiver policy shall not apply to any fees or charges for permits or other regulatory approvals that are imposed/assessed by any department or agency of any other political subdivision of the Commonwealth of Virginia, the Commonwealth of Virginia or the United States of America.
